Tech Triathlon: Challenging Minds, Showcasing Skills

Organized by: PIET ACM Student Chapter

Organized on: 14th October 2025

Targeted group: First and Second Year B.Tech. Students

Number of Participants (Total: 60) --> (Students-53,Organizers-7)

INDEX

Serial No.	Title	Page No.
1.	Objective and Brief Report	3-4
2.	Workshop Outcome and feedback	4-6
3.	Session Photographs	5-6
4.	Certification	7-8
5.	Attendance Sheet	9-10

Objective of the Seminar:

The primary objective of the **Tech Triathlon** session was to enhance students' **technical proficiency** through a combination of **skill-based challenges** including typing speed, coding, and a technical quiz. The event aimed to promote **logical thinking, time management**, and problem-solving abilities among participants. It also encouraged **active participation** and **healthy competition**, fostering a spirit of innovation and technical excellence within the student community.

Brief Report:

The **PIET ACM Student Chapter** successfully hosted the Tech Triathlon event on **14th October 2025** at BB-31. The session comprised three engaging rounds — **Typing Challenge, Coding**, and a **Technical Quiz** — designed to evaluate the participants' accuracy, logic, and problem-solving skills.

The event witnessed enthusiastic participation from **first and second-year students**, creating an environment of healthy competition and collaborative learning. The top two performers were awarded **achievement certificates** in recognition of their exceptional performance.

Overall, the event proved to be an excellent platform for students to demonstrate their technical skills and strengthen their confidence in a competitive yet encouraging setting.

Outcomes:

The Tech Triathlon successfully enhanced students' **technical proficiency** and **problem-solving abilities**. Participants improved in typing speed, coding accuracy, and logical reasoning through the three skill-based rounds. The event fostered critical thinking, time management, and a collaborative spirit among students. By recognizing the **top performers** with achievement certificates, the session motivated participants to further develop their skills. Overall, it strengthened students' confidence and promoted a culture of **innovation and excellence** within the PIET student community.

Conclusion:

The Tech Triathlon was a highly successful event that provided students with a practical platform to showcase and enhance their **technical skills**. It promoted **logical thinking**, **problem-solving**, and **time management**, while encouraging **healthy competition** and **collaborative learning**. By recognizing the **top performers**, the event motivated participants to strive for **excellence** and fostered a culture of **innovation** within the PIET student community. Overall, the session reinforced students' confidence and enthusiasm for engaging in technical challenges.

Feedback:

- The event helped students improve their **technical skills** and **problem-solving**.
- **Healthy competition** motivated participants and encouraged future engagement.
